I highly recommend a fellow out of Florida, James, 352-238-2159. He transported the 337Commander I purchased last spring, which required the removal of the fly bridge. He is very reasonable and very professional. James brought the boat from Port Clinton, Ohio to Herrington Lake in Kentucky. Everyone have a nice day. Ephraim Helton ewhelton@bellsouth.net

There is only one guy I trust.. He's hauled my 38 sedan bridge, and I've known him for years personally. Ted Lemmond with Lemmonds Marine Transport. Tega Cay, SC. Tell him Lee with Glassic Boatworks sent you and your boat is identical to the one he put in a barn for me. (803) 548- 7387 Good luck!

Lee H. Dahlen
