

Introducing the 28-foot fishing island.

An all new sportsman from Chris-Craft.

With a breakthrough in deep-V hull design. She's fast...dry...maneuverable...stable.

Try our new 28' Commander® Sports Express. See for yourself how it compares to all other deep-V designs. See what Chris-Craft has done about minimizing the "roll" when at anchor or trolling at low speed. Best of all, take your wife along . . . she'll love it.

At any speed, the unique freeboard design makes the Commander run dry. And the lower freeboard aft makes it easier and more comfortable to fish from the cockpit. Working space in the cockpit is a big 7'6" x 9'. The

optional fish box is flush to the deck.

The helmsman has complete control of the boat when backing on a fish. The wrap-around concept of the control station makes all instruments instantly visible. The foredeck is totally clean. The hardtop has sliding windows. A Fishing Bridge with low profile is optional.

And should you think this is a

Another new
Chris-Craft
for the 70's.

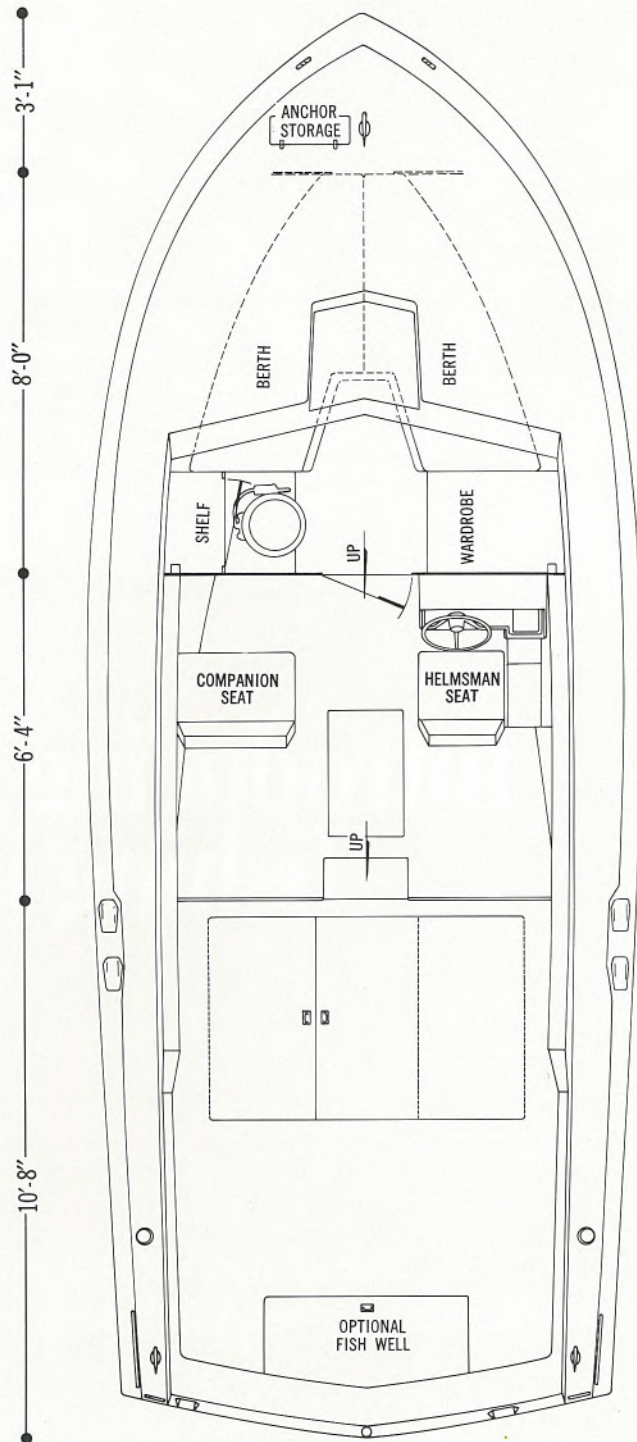

fishing machine only, your wife will also like the comfort in the V-berth stateroom, complete with toilet and storage. She'll love the interior; it's mostly easy-to-keep fiberglass. The decor is in sporting beige, brown and red-black plaid.

You won't find a sport fisherman like this anywhere, because there just isn't one. For more information, write Chris-Craft, Pompano Beach, Florida 33061, or see the all-new 28' Commander Sports Express at your nearest Chris-Craft dealer soon.

28' COMMANDER SPORTS EXPRESS
