Beam	10'3"
Sleeping Capacity	4
Draft	25 1/4"
Freeboard forward	51 3/4"
Freeboard aft	37 3/4"
Headroom	6'3"
Height above waterline (clearance)	8'10 1/4"
Fuel Capacity, gallons	48.7
Fresh-water Capacity, gallons	14.6
Hull	Reinforced Fiberglass
Cabintop	Reinforced Fiberglass
Decks and Cockpit Floor	Reinforced Fiberglass with non-skid texture

New 27' Commander

This proud new addition to the Chris-Craft fiberglass fleet (which includes the much-acclaimed Commander 38 series) is a sleek four-sleeper that's big inside and out. The decks, superstructure, and hull are low-maintenance, reinforced fiberglass, and they're bonded together into a one piece, extra-strong unit. The bottom is inset at the chine to deflect spray and aid stability. Vertical speed stabilizers run the length of the hull between the keel and the chine. The transom is styled, like the Commander 38, with a slight vee shape. Top notch performance and dependability are provided by a 185-hp or 210-hp Chris-Craft V8 engine.

In the cabin, natural-wood paneling, full carpeting, and vinyl upholstery fabrics in soft colors add the warmth and comfort that make cruising pleasant for all. There are V-berths forward, and the wide dinette converts into a double berth for more sleeping area. The galley has a rectangular enameled sink, recessed stove, ice refrigerator, and fresh water system. A full-height private lavatory has a sink and vanity combination with linen storage underneath. Storage space is in generous supply throughout the cabin.

Rarely is a 27-footer so cruise-able . . . but even rarer is the low budget price. Don't miss this opportunity, because never has it been so *easy* to own so *much* in a fiberglass boat!

Standard Equipment

Alcohol Stove, recessed • Anchor Light • Bow Pole and Pennant • Cabin Headlining • Carpeting • Chocks • Cleats • Deck Hatch, Forward • Dinette, converts to double bed • Enclosed Dish Locker • Drawers (4) • Electric Horn • Electric Lights • Fog Bell • Fire Extinguishers • Foam Cushions and Mattresses, Vinyl-covered • Fresh Water System • Glass Rack • Handrails on Cabin Top • Ice Refrigerator • International Navigation Lights • Mirror in Toilet Room • Enameled Galley Sink • Taffrails • Toilet • Ventilating Flybridge Windshield • Ventilators • Wardrobes (2) • Wash Basin, Fiberglass
